Education

Kathir College of Engineering
B. TECH – Artificial Intelligence &
Data Science
Year - (2022-2026)
CGPA - 7.43

HSC
Adwaith GNS Matric Higher
Secondary School
Year - 2022
Percentage - 76%

SSLC
Adwaith GNS Matric Higher
Secondary School
Year - 2020
Percentage - 77%

Skills

- JAVA
- Java Script
- React Js
- HTML, CSS, Tailwind CSS
- MySQL

Tools & Technologies

- Git & GitHub
- VS Code

About Me

I am passionate software developer, where I can utilize my Programming skills with a strong foundation in java , object-oriented programming, problem-Solving and developing a user-friendly application, Web development. I am eager to learn about new technologies and creating an efficient, Scalable Solutions. I am seeking an opportunity to show my skills and development of the company.

Projects

Weather Prediction & Climate Change

Build Using Machine Learning, Python Programming. It predicts the climate Change and Weather forecast.

Stock Price Forecasting using Machine Learning

Developed a predictive model to forecast future stock prices based on historical market data. Involved data collection, preprocessing, feature engineering, and model training to support informed investment decisions.

Tax Management System Using JAVA

I created a Java application that helps people and businesses calculate their taxes, keep proper records, and generate reports automatically. This system makes tax filing easier, more accurate, and helps follow tax rules properly.

Portfolio

Developed a personal portfolio website using React.js, Tailwind CSS, and JavaScript to showcase projects and technical skills.

Certificate

- **Accent Techno Soft** - React JS
- **YUGAM SMART ACADEMY** - AN ISO 90001:2015 CERTIFIED INSTITUTION
Java Programming with DSA
- **Great Learning** - Excel Regression Analysis
- **Oracle Foundation** - Artificial Intelligence
- **Upskill** - Language and Communication
- **Programming HUB** - HTML Basic, HTML Advanced, CHATGPT Prompt, Java Basic
- **Mongo DB** - Database
- **CODDY TECH** - HTML-Fundamental, JAVA -Fundamental
- **SimpliLearn SkillUp** - JAVA Programming
- **SOLOLEARN** - Introduction to JAVA

Internship & Training

- **React.js - Internship**
Company - Accent Techno Soft
Duration - June 2025 (1 Month)
 - Built responsive web interfaces using React.js, Hooks, Routing, and Reusable Components.
 - Developed a mini web application using React.js
- **JAVA - Placement & Training Program**
Conducted by - Yugam Smart Academy
Duration - 20 Days
 - Learned JAVA Basics, OOPs, Exception Handling.
 - Developed a mini project based on Java.
